

Notice of extension of switching of "SU Portal"

The scheduled switchover to the SU portal on April 1, 2021 will be extended until the end of the 2nd term in consideration of the current SU portal Account registration status. (I will inform you of the SU Portal switching date when it is decided.)

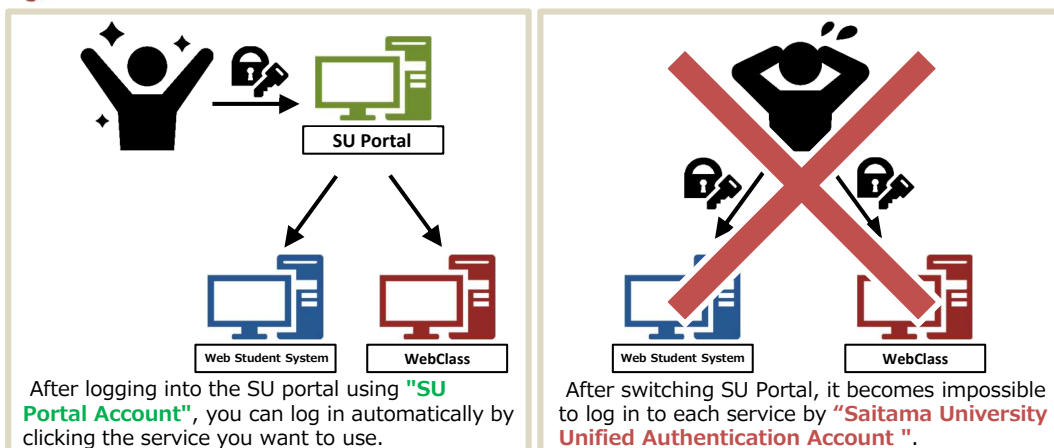

Until the SU portal switching date, both logins via the SU portal (**SU Portal Account**) and logins to each service (**Saitama University Unified Authentication Account**) are available as shown in the following figure.

April 1, 2021 (Thu) ~ Before Switching SU Portal

The medical examination reservation is made on SU portal, so please register your account as soon as possible.

After Switching SU Portal ~

Go to next page for SU Portal Account registration.

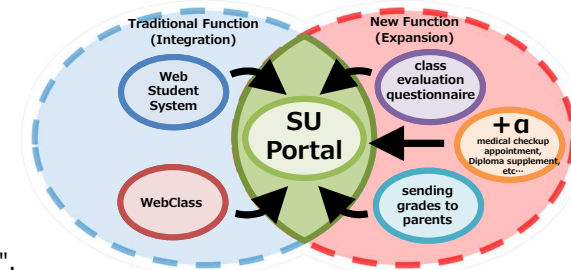

What is "SU Portal" ?

SU portal is a web service for Saitama University students.

This service is available even after graduation and completion.

SU Portal makes it easy to log in "Web student system" and "WebClass".

SU Portal will make the procedures that were previously done on paper (e.g. "class evaluation questionnaire" and "sending grades to parents") possible to be done on the Web. ※The function will be expanded in order.

About SU Portal Account Registration

In order to use SU portal, you need to register an account.

- SU Portal Account Registration / Log-in : <https://www.suiss.com/>
- Video explaining how to register an account : <https://vimeo.com/524636834>
* 4 min 58 sec, with sound , Password to watch video: f6arnuws

- * The login ID can be any email address except icloud email.
- Please keep your login ID and password in a safe place because you use it not only while you are in Saitama University but also after you graduate.
- * Please do NOT use your university email address (xxx@ms.saitama-u.ac.jp) as your login ID since it will no longer be available after the graduation.
- * When creating your account, we will verify your identity using your university email address.

What happens if you don't register your account ?

You will not be able to access the SU portal, so you will not be able to make a reservation for a medical examination. After the end of FY 2021 Term 2 (After switching to the SU portal), **you cannot register to take courses, download materials from WebClass, and view lecture videos.**

SU Portal Account will also be used after graduation or completion (Career report registration etc.) . Thus, students who are going to graduate this March **must register as well.**
